*The Best Margarita Recipe & Carr Valley Cheese Co Gran Canaria*

Ingredients

1 1/2 ounces Luminar Mezcal Joven  
1 ounce orange liqueur (Cointreau, Grand Marnier Triple Sec)  
3/4 ounce freshly squeezed lime juice  
ice

optional sweetener: agave nectar or simple syrup,  
optional: lime wedge and coarse salt for rimming glass

Steps

Begin by running a lime slice (the juicy part) around the top rim of a glass. Fill a shallow bowl with salt, and dip the rim in the salt until it is covered with your desired amount of salt. Set aside.

Add tequila, orange liqueur and lime juice to a cocktail shaker and shake or stir until combined.

Taste, and if you would like the margarita to be sweeter, stir in a half teaspoon of agave or simple syrup at a time until the mix reaches your desired level of sweetness.

Fill glass with ice. Pour in the margarita mixture over the rocks. Serve immediately, garnished with an extra lime wedge if desired.
